

Winter clothes will need to be provided shortly to ensure children stay warm and dry whilst outdoors

News Letter Sept 2009

Please be aware that fees must be paid by standing order only from October onwards

Tootsies would like to thank all parents who attended Sports Day and helped to make the afternoon such a success.

The children had a mini awards ceremony afterwards and all received rosettes for their effort in the races.

Home Links

Pre-school now has a home links display board.

It is there to inform parents of the concept that their child will be focussing on for that month and any ideas for continued learning at home.

This month we are learning about how our bodies work.

The board is also used for anything that is topical that month.

Currently the board has a reminder about enrolling for schools and school open days.

Changes in Pre-School

Tootsies are in the process of ordering lots of learning aids for our Pre-School room.

These consist of more ICT toys, maths equipment for measuring different quantities so the children can begin to grasp the concept of things being full or empty.

We have also purchased a divide to create designated areas in the room and to assist the staff when they split for key group time in the morning.
